Sir:

On March 17, 2006, Applicants filed in this case a petition entitled "Petition Requesting Restart of Action or Acceptance of Filing as Timely; and/or Refund Under Rule 26", stating, *inter alia*, that the Notification of Missing Requirements dated October 20, 2005 was never received by Applicant's representatives. Filed together with that paper was Applicant's response to the "Missing Requirements" notification, together with a Petition for a three month extension of time.

In the Decision on Petition dated June 9, 2007, the Applicant's response was accepted and the file was forwarded to National Stage Processing Branch for further processing. However, Applicant's request for a refund of the three month extension fee was dismissed without prejudice pending submission of a further showing of non-receipt of the "Missing Requirements" notification. Applicants submit this additional showing herewith.

BEST AVAILABLE COPY

Attached to this Renewed Petition is a copy of the docket record of the Sughrue Mion office for the date, December 20, 2005, on which the response to the "Missing Requirements" would have been due, per the requirements of MPEP section 711.03(c)(II). A review of this 23 page record reveals that there is no docket entry whatsoever for the subject application therein, indicating that there exists no record of anything being due to be filed in the subject application on that particular date. Applicants have previously also submitted Sughrue Mion's PTO mail log for the dates of October 20 – October 27, 2005, which, consistently, indicates that no PTO correspondence regarding the subject application was received during the period of time during which the "Missing Requirements" notice could have reasonably been expected to arrive at the Sughrue Mion office, assuming a PTO mailing date of October 20, 2005.

Further, the undersigned attorney has conducted a complete search of the file jacket of the subject application, the docketing records for the subject application, and the mail log as mentioned above, and herewith attests that there is no indication in any of these records that the "Missing Requirements" notice was ever received by the Sughrue Mion office.

Applicants' attorneys never received a copy of the original "Missing Requirements" notice dated October 20, 2005. Applicants have only incidentally found the notice by reviewing the PTO's PAIR site with respect to a number of applications in which the PTO's response had been expected for some time. Accordingly, Applicants have not been put on notice of the issuance of the "Missing Requirements" notice in the manner provided for by rule.

In view of the above evidence that the Notification of October 20, 2005 was never in fact received by the Sughrue office, the normal remedy would be to request a re-mailing of the Notification and an attendant resetting of the response due date. However, inasmuch as Applicants did in fact find the Notification on the PTO's website and have responded thereto, Applicants request only that the associated extension fee be refunded to Deposit Account No. 19-4880.

It is not believed that any fee for the present Renewed Petition is required. If the PTO finds to the contrary, kindly charge the fee for this Renewed Petition to Deposit Account No. 19-4880. In this event, Applicants herewith request a refund of the Petition fee inasmuch as the

Prompt and favorable action on this Petition is respectfully requested.

DECISION ON PETITION
(37 CFR 1.181)

This decision is issued in response to the "Petition Requesting Restart of Action or Acceptance of Filing as Timely; and/or Refund Under Rule 26" filed on 17 March 2006. No petition fee is required.

BACKGROUND

On 13 November 2003, applicants filed international application PCT/FR2003/003360. The application claimed a priority date of 19 November 2002 and designated the United States. On 10 June 2004, a copy of the international application was transmitted to the United States Patent and Trademark Office ("USPTO") by the International Bureau ("IB"). The deadline for payment of the basic national fee was 30 months from the priority date, i.e., 19 May 2005.

On 17 May 2005, applicants filed a transmittal letter for entry into the national stage in the United States which was accompanied by, among other materials, payment of the basic national fee and a translation of the international application into English.

On 20 October 2005, the United States Designated/Elected Office (DO/EO/US) mailed a Notification Of Missing Requirements (Form PCT/DO/EO/905) indicating that an oath or declaration in compliance with 37 CFR 1.497 and the surcharge for filing the oath or declaration later than thirty months after the priority date was required.

On 17 March 2006, applicants filed the petition considered herein. The petition asserts that applicants never received the Notification Of Missing Requirements mailed 20 October 2005, only learning of such Notification by a review of the USPTO's PAIR site. Applicants have included with the present petition a response to the Notification of Missing Requirements (i.e., an executed declaration and the required surcharge payment) and the fee for the three-

month extension of time required for the 17 March 2006 submission to be considered a timely response to the Notification. The petition argues that, based on applicants' failure to receive the mailed Notification, re-mailing of the Notification of Missing Requirements is appropriate.

Applicants therefore assert that the three-month extension fee is unnecessary and that a refund of the extension fee is appropriate.

DISCUSSION

Section 711.03(c)(II) of the MPEP sets forth the requirements for a grantable petition to confirm the failure to receive an Office communication:

The showing required to establish nonreceipt of an Office communication must include a statement from the practitioner stating that the Office communication was not received by the practitioner and attesting to the fact that a search of the file jacket and docket records indicates that the Office communication was not received. A copy of the docket record where the nonreceived Office communication would have been entered had it been received and docketed must be attached to and referenced in practitioner's statement.

Here, the petition does not contain the required statement from the practitioner that "a search of the file jacket and docket records in our office indicates that the Office communication was not received." As for the docket records requirement, petitioner has attached a copy of the firm's mail log listing Office communications received from 20 October 2005 to 27 October 2005. However, this mail log is not sufficient to satisfy the docket records requirement. Rather, petitioner must provide a copy of the firm's office docket for the date on which a response to the Notification Of Missing Requirements would have been due, had the Notification been received (i.e., 20 December 2005).

Based on the above, applicants have failed to satisfy all the requirements for a grantable petition to confirm that the Notification Of Missing Requirements mailed 20 October 2005 was not received. A refund of the extension fee necessary for the 17 March 2006 submission to be considered a timely response to the Notification Of Missing Requirements would therefore be inappropriate.

It is noted that the declaration and surcharge payment filed with the present petition are a proper response to the Notification Of Missing Requirements.

CONCLUSION

Applicants have failed to adequately demonstrate that the Notification Of Missing Requirements mailed 20 October 2005 was not received. The three-month extension fee paid by applicants is therefore necessary for the 17 March 2006 to be considered a timely response to the

Notification Of Missing Requirements (and thereby avoid abandonment of the application). The petition for a refund of this extension fee is therefore **DISMISSED** without prejudice.

Any reconsideration on the merits of this petition must be filed within **TWO (2) MONTHS** from the mail date of this decision. Any such request must include the remaining requirements for a grantable petition demonstrating the failure to receive the Notification of Missing Requirements mailed 20 October 2005 (i.e., the required practitioner's statement and additional docket materials discussed above).

Please direct further correspondence with respect to this issue to Mail Stop PCT, Commissioner for Patents, P.O. Box 1450, Alexandria, Virginia 22313-1450, with the contents of the letter marked to the attention of the Office of PCT Legal Administration.

The application is being forwarded to the National Stage Processing Branch of the Office of PCT Operations for further processing in accordance with this decision. The date under 35 U.S.C. 371(c)(1), (c)(2), and (c)(4) is 17 March 2006.
